# Kootenay Lake 2006 Hydrograph

## *Freefall at Corra Linn Dam*

## Queen's Bay – Corra Linn Discharge

## ***Canal Plant Agreement***

- FortisBC and BC Hydro cooperate to manage Kootenay Lake levels
- BC Hydro directs Kootenay Lake discharges and levels on an everyday basis
- FortisBC receives power from our projects on an average before Columbia River Treaty basis
- BC Hydro receives the actual project generation and runs most of the water through the Canal Plant
